

Please read the important message below that Bishop Burns has asked me to share with all of you. It is my hope you will participate in the survey as our Bishop requests. Thank you very much.

Dear Brothers and Sisters in Christ,

Immigration is one of the most important issues in our world today. In March 2017 we announced the formation of an Immigration Task Force to look into how our local Church can better serve its parishioners and all immigrants in the Diocese of Dallas. Also, responding to the needs throughout the world, Pope Francis launched *Share the Journey* this past September as his global campaign to support migrants around the globe.

As this ever-changing and important need continues to evolve, our efforts to help those who are impacted continues. To more effectively accomplish these goals, we want to know what our parishioners think and understand about immigration so that we may better know the current landscape and be more effective in our service to all.

Please visit <https://www.surveymonkey.com/r/dallasimmigration> to view and take this important survey. It should only take 5-6 minutes of your time.

Thank you for your participation and for your efforts to better assist our brothers and sisters in need. I pray God our Heavenly Father will bless you and your loved ones.

Faithfully in Christ,

Bishop Edward J. Burns
Diocese of Dallas
